Faith Edwards is head of compliance for all stores, departments, sales staff, employees in general. Head of compliance has final say in all matters. That means if Faith gives any of you direction, order, command, or demand, that you are to follow her instructions. That does not mean that you are allowed

to argue or debate. You are not. Head of compliance has the ability and power to write up or fire any employee at any time for any reason.

Faith is the final say on all matters of compliance. That doesn't mean that you can call or complain to me about her decisions. I don't want to hear a word, if you call or come to my office over a compliant issue I will hang up or throw you out. I don't want to hear it.

If you disagree with a compliance decision you can submit in writing the issue and Faith will immediately take it up with either our attorney or our outside compliance advisors.
